

LICENSE TO PUBLISH – OPEN ACCESS OPTION

ACTA PHARMACOLOGICA SINICA (“the Journal”)

Manuscript #:

Title of the contribution: (“the Contribution”)

Author(s): (names only) (“the Authors”)

For authors choosing the open access option, it is hereby agreed that the Contribution will be offered for reuse under the terms of a Creative Commons license to be specified here below by the corresponding author.

Please tick this box if you wish to have your article published under the Creative Commons Attribution-NonCommercial-NoDerivative Works 3.0 license.

This allows readers to download the article and share it with others as long as they mention the author and link back to the original article. The article cannot be changed in any way or used commercially. Read full legal code at http://creativecommons.org/licenses/by-nc-nd/3.0/legalcode

Please tick this box if you wish, or are required to have your article published under the Creative Commons Attribution-NonCommercial-Share Alike 3.0 license.

This allows readers to alter, transform, or build upon the article and then distribute the resulting work under the same or similar license to this one. The work must be attributed back to the original author and commercial use is not permitted. Read full legal code at http://creativecommons.org/licenses/by-nc-sa/3.0/legalcode

By signing this agreement you certify to the Shanghai Institute of Materia Medica (“SIMM”) that in consideration of SIMM agreeing to publish the Contribution (including any Supplementary Information) the Authors grant to SIMM, a non-exclusive irrevocable license to:

- a) publish, reproduce, distribute, display and store the Contribution in all forms, formats and media whether now known or hereafter developed (including without limitation in print, digital and electronic form) throughout the world,
b) translate the Contribution into other languages, create adaptations, summaries or extracts of the Contribution or other derivative works based on the Contribution and exercise all of the rights set forth in (a) above in such translations, adaptations, summaries, extracts and derivative works, and
c) license others to do any or all of the above.

Further, by signing this agreement you also certify that:

- 1. You have full right, power and authority to enter into this Agreement on behalf of all of the Authors
2. The Authors are the sole authors of and sole owners of the copyright in the Contribution. If the Contribution includes materials of others, the Authors have obtained the permission of the owners of the copyright in all such materials to enable them to grant the rights contained herein. Copies of all such permissions are attached to this license.
3. All of the facts contained in the Contribution are true and accurate.
4. Nothing in the Contribution is obscene, defamatory, libellous, violates any right of privacy or infringes any intellectual property rights (including without limitation copyright, patent or trademark) or any other human, personal or other rights of any person or entity or is otherwise unlawful.
5. Nothing in the Contribution infringes any duty of confidentiality which any of the Authors may owe to anyone else or violates any contract, express or implied, of any of the Authors, and all of the institutions in which work recorded in the Contribution was carried out have authorized publication of the Contribution.
6. The Authors authorize SIMM to take such steps as it considers necessary at its own expense in the Authors’ name and on their behalf if it believes that a third party is infringing or is likely to infringe copyright in the Contribution including but not limited to taking proceedings.
7. The Authors hereby consent to the inclusion of electronic links from the Contribution to third-party material wherever it may be located.
8. This Agreement shall be governed by and construed in accordance with the laws of the State of New York without regard to the principles of conflicts of law. The parties hereto submit to the non-exclusive jurisdiction of the courts of New York.

## Information for reference

### AUTHORS' RIGHTS

Ownership of copyright remains with the Authors, and provided that, when reproducing the Contribution or extracts from it, they acknowledge first and reference publication in the Journal. Authors also retain the following non-exclusive rights:

- To reproduce the Contribution in whole or in part in any printed volume (book or thesis) of which they are the author(s).
- They and any academic institution where they work at the time may reproduce the Contribution for the purpose of course teaching.
- To post a copy of the contribution as accepted for publication after peer review (in Word or Tex format) on their own website or institutional repository or the Author's funding body's designated archive six months after publication, provided that they also give a hyperlink from the Contribution to the Journal's website.
- To reuse figures or tables created by them and contained in the Contribution in other works created by them.

### USERS' RIGHTS: SUMMARY OF CREATIVE COMMONS LICENSES

#### CREATIVE COMMONS ATTRIBUTION-NONCOMMERCIAL-NODERIVATIVE WORKS 3.0 LICENSE

(Read full legal code at <http://creativecommons.org/licenses/by-nc-nd/3.0/legalcode>)

Users are free to share (copy, distribute and transmit) the contribution under the following conditions:

- **Attribution.** Users must attribute the contribution in the manner specified by the author or licensor (but not in any way that suggests that they or their use of the contribution is endorsed by the author or licensor).
- **Noncommercial.** Users may not use this contribution for commercial purposes.
- **No derivative works.** Users may not alter, transform, or build upon this work.

#### CREATIVE COMMONS ATTRIBUTION-NONCOMMERCIAL-SHAREALIKE 3.0 LICENSE

(Read full legal code at <http://creativecommons.org/licenses/by-nc-sa/3.0/legalcode>)

Users are free to share (copy, distribute and transmit) and remix (adapt) the contribution under the following conditions:

- **Attribution.** Users must attribute the contribution in the manner specified by the author or licensor (but not in any way that suggests that they or their use of the contribution is endorsed by the author or licensor).
- **Noncommercial.** Users may not use this work for commercial purposes.
- **Share Alike.** If users alter, transform, or build upon this work, they may distribute the resulting work only under the same or similar license to this one.

Additionally, the following terms hold:

- For any reuse or distribution, users must make clear to others the license terms of this work, preferably using a link to the Creative commons webpage (<http://creativecommons.org/licenses/>)
- Any of the above conditions can be waived if users get permission from the copyright holder.

Neither Creative Commons License impairs or restricts the author's moral rights.

### ARCHIVING AND DEPOSITION IN PUBLICLY ACCESSIBLE REPOSITORIES

Papers published under the open access option are deposited in PubMedCentral at the time of publication. This content is thus immediately available from PubMedCentral itself, or from one of the international mirrors of this archive as well as the journal's webpage [www.nature.com/aps](http://www.nature.com/aps).
